Management Education

## **Welcome to EurAka Welcome to Swiss Higher Education**

The E.H.E. Europa Hochschule EurAka CH or by international translation, the E.H.E. Private European University EurAka Switzerland, is a future-oriented University with her headquarter in Switzerland's Canton Basel-Landschaft (Basel County). Our University owns Campuses in Switzerland and Germany to which add several specialist knowledge and research centres in Germany as well.

That Switzerland's Universities and Higher Education both belong to the world's best is for our University a specific challenge to which we actively contribute not only by first-tier education, but equally internationally acknowledged research.

Thus, we offer innovative and contemporary academic programmes of outstanding excellence.

We equip our students with skills and knowledge supporting their successful careers. We are very proud of our internationally acknowledged high academic quality standards, where intercultural understanding and mutual respect is at the core of the delivery of our studies. At our University you will find many academic challenges, global awareness, and strong emphasis on social responsibility and sustainability to which we encourage our students and which is equally demonstrated by all faculty members.

I look forward to welcoming you at the E.H.E. Private European University EurAka Switzerland.

Prof Dr h.c. Paul Diener  
President

# The Europa Hochschule EurAka CH (E.H.E. European University EurAka Switzerland)

The E.H.E. Europa Hochschule EurAka CH, internationally known as the private European University EurAka Switzerland, is an independent and private University for integral medicine, technology, and economics. The E.H.E. EurAka is situated in Therwil (Switzerland) and legalised by the Swiss Federal Republic and the Canton Basel-Landschaft as private University. The status of the private EurAka University is officially confirmed as 'non-contributory private institution' according to the Swiss Higher Education Act (HFKG). The E.H.E. EurAka is officially approved to award Swiss Bachelor, Master's, and doctoral degrees.

The E.H.E. EurAka was constituted in 1985. The University provides national and international research and programmes of studies in the fields of Integral Medicine, Technological Sciences, and Business Sciences. The E.H.E. EurAka research, especially in technology and engineering, owns highest international reputation and attracts significant research funding from global

corporations and European Governments.

Upon recommendation by the State-Council of the Swiss Republic and the Canton Ticino, the E.H.E. EurAka has received official Degree Awarding Powers in the year 2000. The status of Degree and Research Degree Awarding Powers was reapproved by the country's various regulatory authorities in 2006, such as the Dipartimento della cultura e dell' educazione dello Sport, Ticino, and by the Canton Basel-Landschaft in 2016. They concluded that the E.H.E. Europa Hochschule EurAka CH is fully aligned with the laws of Switzerland and thus officially approved as Swiss "Hochschule on the level of University".

Switzerland itself is aligned with the so-called Bologna Process of the European Union making Degrees of the University cognate across Europe and beyond. Hence, the University awards Degrees with ECTS credits.

# Regional E.H.E. EurAka Centres around the Globe

Delivering studies in often very distant countries means trust first of all. Students have to trust that they are getting the same high quality as if studying with the University herself. The University must have the confidence that national centres of studies are exactly delivering this same quality.

This is not just a question of equality regarding graduates' skills and knowledge, it also is prerequisite regarding applicable regulations, in the University's country of origin and additionally, in the host country of delivery.

To assure such equal quality, the E.H.E. EurAka collaborates with carefully selected partner institutes in Africa, Asia, and Europe.

The same quality of studies is of utmost importance, because all students are awarded with the same Swiss degree. The E.H.E. EurAka takes her responsibility very seriously. Therefore, students' welfare and progress are permanently monitored. Furthermore, all our regional partner centres being entrusted with the delivery of our programmes of studies are receiving direct support for that students can study with confidence in the quality of their studies.

The E.H.E. EurAka has established internationally acknowledged academic standards according to DIN EN ISO / IEC 17024.

Prof Dr Dr habil Klaus Oestreicher  
Vice President International

## Global Bachelor Programmes

Today's professional situation is very different. More and more challenges in the healthcare sector demand highly skilled professionals. Continuous Professional Development and Lifelong Learning have become much more than concepts. Pace and change in what drives healthcare organisations, today and tomorrow, are permanently increasing. Investing in higher education is for school leavers, but also professionals the very effective way to develop in line with these developments.

The Europa Hochschule EurAka CH has developed programmes of studies with employability as key focus through skills healthcare organisations are looking for. In her studies, the private University offers latest knowledge being delivered interactively and creating values to both graduates and employers. For the E.H.E. EurAka Employability Impact is not just a buzz word, it is a core strategic objective for successful higher education. While permanently screening the organisational world, private and public, its expectations and demands, the E.H.E. EurAka cares for and helps to find what is needed to match graduates and employers.

Academic developments are further driven by the vision that generally everybody should have access to European studies. In which country prospective students are located, cannot be an obstacle. Therefore, these studies are delivered globally making them more accessible and affordable. To this adds that the E.H.E. EurAka does not only welcome those with formal qualifications for admission to higher education, but professionals with significant work experience equally. We also believe in a wider holistic higher education approach. This belief we embed in most contemporary ways:

- **Cross-disciplinary studies:** Many of our Bachelor programmes cover more than one field of knowledge, despite profound focus on a specific pathway. But all deliver cross-functional knowledge and understanding.
- **At the heart of demand:** E.g., the E.H.E. EurAka offers these healthcare studies in response to the high demand and combines them with Switzerland's global excellence as second best higher education worldwide. This synergy opens ways to work globally.

Rich knowledge and highest levels of skills and capabilities are in the centre of the E.H.E. EurAka's undergraduate programmes. We measure our success by the success, which our graduates have in their employment.

# Studying Healthcare Management

The BSc in Healthcare Management is a specific programme of studies preparing candidates for responsible and qualified roles in organisations of the healthcare sector or for respective self-employment.

- Sophisticated and contemporary modules qualify graduates for working in the challenging environment equipped with highest levels of expertise and capabilities. Graduates excel through superior knowledge and their capability to deliver best value through cross-functional skills of relevance for the healthcare sector.
- The programme comprises three (or four) years as standard period of studies. It is conform with European requirements on undergraduate studies. Through its comprehensiveness on superior level, the Degree awards 180/240 ECTS credits (European Credit Transfer and Accumulation System).

- The BSc in Healthcare Management strongly emphasises the concept of Employability Impact.

The Programme awards the officially approved Swiss

- **Certificate of the Bachelor of Science in Healthcare Management**
- **Transcript in form of the official Diploma Supplement 'Europass'** of the European Union facilitating continuation to Master's studies internationally

Graduates are equipped with outstanding knowledge and skills but also the right officially and widely recognised documentation for their Degree on international level.

- Change & Innovation
- Leadership and Intrapreneurship
- Organisational Behaviour and Corporate Citizenship
- Bachelor Dissertation

## Objectives of the Programme of Studies

- To use theory, case study insights, and seminars to develop students' intellectual calibre, professional and leadership skills, and problem-solving capacity for management in the healthcare sector.
- To deliver profound understandings of present and future opportunities and challenges typically found in healthcare organisations and to identify scope for general and particular improvements of performance.
- To analyse and foster appropriate leadership roles and responsibilities embedded in healthcare management and that of organisations by sophisticated approaches to drive innovative developments and to meet the needs of patients and multiple organisational constituents and contexts.
- To explore scope and content of effective organisational and functional strategies being focused on the healthcare sector, organisational sustainability, and progress within permanently changing environments.

## **Admission by Education**

The programme of studies addresses candidates, who have finished Further Education with a good College Degree, Baccalaureate or equivalent other national qualification. First professional experience is of advantage, but no prerequisite.

## **Entry Requirements**

### **Admission by Work Experience**

Applications from professionals without a College Degree or Baccalaureate or equivalent on national level, but can submit evidence of a credible professional education with their application instead, such as an apprenticeship or national equivalent, are equally encouraged to apply.

Those candidates having sufficient work experience (e.g. gained in an apprenticeship or in employment) may be admitted by providing written evidence of their professional experience. These candidates are invited seeking advice with the E.H.E. EurAka's Registry or their national centre of studies for further details and information through an individual assessment regarding the recognition of their existing qualification.

- Certificate, Transcript, and the official EU Diploma Supplement of the Europass
- Part of a truly global student community
- Progression up to doctoral studies with the E.H.E. EurAka herself or other universities
- International Graduation Ceremonies
- Global Alumni Network

## **The Festive Conclusion: The E.H.E. EurAka Graduation Ceremony**

The Graduation Ceremony of the E.H.E. Europa Hochschule EurAka CH is a festive moment to celebrate an outstanding achievement. As rewarding especially this day is and as rewarding the moment is to receive the deserved academic Degree, it should never be the end, but the start for more. Of course, close relatives and friends are equally welcome to the Ceremony, since very often, they have contributed much for that such challenging degree could be achieved.

The Graduation Ceremony of the E.H.E. EurAka usually takes place in Switzerland. The moment to throw the caps will be in all Graduates' mind for years to come. Meeting peers from many countries and different continents demonstrates that a global community of EurAka Graduates grows each year.

This moment also is the E.H.E. EurAka's warm invitation to become a valuable member of its Alumni community, for all those not already being part of it. Global networking for mutual benefits and equally the opportunity of coaching others both symbolise the high academic culture this private University owns.
